NUMBER 21

Children Not Ready To Enter School Until Physically Checked

"Children are not really ready to enter school until they have had a complete physical examination," Dr. Henry A. Holle, Commissioner of Health reminds parents. All boys and girls enrolling in the kindergarten or first grade classes of Texas schools should be taken to their physicians, or to a public health clinic, for an immediate physical check-up if they have not had such an examination in recent months.

It is important to act as promptly

Milanoan J. A. Hood Is Honorman Grad At Naval Boot Camp

Jerrell A. Hood

Jerrell A. Hood, seaman apprentice, USN, son of Mr. and Mrs. J. A. Hood of Route 1, Milano, Tex., was graduated honorman of his Recruit Company at the Naval Training Center, San Diego, Calif., August 4.

Honormen are chosen by vote of the company membership on the basis of leadership, sportsmanship, military bearing, initiative, response to orders, qualifications of a good shipmate, and application to Recruit Training.

Before entering the service, Hood was graduated from Milano High School, and was employed by Mizell Construction Co., in Ganada, Texas.

Milano Baptist Youth Rally To Be August 24

The regular last Friday youth rally at the Milano Baptist Church will be on Friday, August 24, (tomorrow night) at 8 p.m.

The rally has been moved up this month on account of the Brotherhood Encampment at Highland Lakes between Austin and Marble Falls. Most of the men will be at this meeting thus causing the moving up of the rally date for this month only, said Rev. Claude Ellis.

There will be a group sing song led by Jimmy Asher of Cameron and a devotion by Rev. Bob Fulmer, pastor at Gause.

After the services there will be fun and games for all. Come and receive a blessing from being present.

95,000 Free Heart O'Tex Fair Ducaus To Centex Youths

Ninety-five thousand grounds admission tickets will be given to school children of Central Texas by the Management of the Heart O' Texas Fair in Waco. The complimentary tickets will be distributed to the boys and girls by their teachers.

Saturday, Sept. 29, opening day, will be School Children's Day for all students outside of Waco. This also will be Future Farmer and 4-H Club day as well as band day. The Heart O' Texas Council of Boy Scouts likewise will be honored.

Twin Bond Election Set September 29; Park Meters Stay; Mayor Claims Top Power

Councilman Grady Stidham resigned Tuesday night a double-barrel bond issue was ordered for \$175,000 and \$375,000 dollars respectively for water and sewer improvement and extensions and last but not least the mayor injected an item not on the agenda which ended the meeting with a bang.

The citizen's committee which had given promise of stirring council into more or less frenzied action by making certain demands in regard to the parking meters but apparently "fizzled" when no concrete proposal was offered. The city council tabled consideration of the "parking meter problem" when one citizen (not on the committee) requested parking meters around his place of business and in Santa Fe Town.

Winding up a tiresome four hours of conference and with a few frayed nerves the mayor injected an off agenda piece of "literature" which sought to read his interpretation of recent council action into the minutes. As a matter of fact he insisted that his written "report to the council" be placed into the minutes.

The mayor started out by reading sections 15 and 30 of the charter and then adding his written comments. The council by it's own action, read the mayor, eliminated themselves as committee heads thus turning those

powers back to the mayor. The council explicitly stated in their motion to abandon the committees that they would not and could not in the future have any between council meeting control over department heads then he asked "Now who can the department heads go to if not the mayor?" "I divided up powers to the committees and council and they turned them back to the mayor" he added.

Legal Counsel Billy Black pointed out that the committees had to implement the charter and

when they felt their work as committees was done, in deference to the wording of the charter they relinquished their assignments." Counsel the pointed his finger at "demon jealousy" as being responsible for the current "feinting for position." (Herald quotes).

"Let the council get together

and I'll get together with them," the mayor rejoined but prior to a get-together and make-up session and speeches of councilmen Councilman Grady Stidham resigned with the statement "There has been nothing but trouble since this administration started."

Mayor Weems quickly, and without batting an eye accepted the resignation "If I have the authority." A motion by Councilman Charles Brady to NOT accept the resignation carried unanimously.

"Re-hired" Stidham sat down and continued in the discussion of ways of ironing out the differences between the council as a whole and the mayor. Councilman Roy Griffith suggested "We forget our differences and cut out the street talk." Councilman Lincoln Mondrik offered "I want to work with you but I want something to work toward."

During the "peace move" and the mayors offer of good-will Councilman Charles Brady suggested that the mayor start out by withdrawing his bit of "literature" as it was described by City Secretary Wayne Wieser but the mayor persisted that he wanted the "written report" of his to go into the minutes. The Secretary was in deep quandary as to disposition of the "literature" when he noted that it was not on the agenda. Councilmen warned that minutes had to be approved as read and that it would be stricken at the next meeting if placed in the minutes, thus adding to the worries of the good and faithful city "servant", Weiser.

Oxshier Smith, appearing in a dual role of member of the citizen's committee charged with the responsibility of registering a complaint over alleged police lack of consideration for out of town people with writing of parking tickets. Smith said that he is highly in favor of the meters but that it is his thought that more courtesy could be shown in handling of the public.

In his second role as Chairman of the Finance Committee of the Brazos River Authority for the

past 12 years he sought to explain how "What Cameron Must Do To Get Water." He went into the figures on water storage in the Belton reservoir and explained that when the Proctor dam is built that at that time hydro-electricity can be produced on the Belton dam. He showed where, with a contract between

Yoemen Open Fall Training August 31

The Yoemen will hit the practice field at 8 a.m. on Friday, August 31 to start preparation for the coming football season. They will have only one day that they can have two sessions and that will be the first day. They will work Friday night, August 31 under the lights starting at 7 p.m. The Yoemen will hold their third workout on Saturday night September 1. School will start on Monday, September 3, and they will settle down to one workout a day.

The Yoemen have their work cut out for them as they will be playing the toughest schedule of the history of the school. They will be playing in AAA competition and playing in district 9 which is made up of University High and La Vega of Waco, Stephenville, and Cameron's old arch rival, Killeen.

In addition to playing in a new classification, the Yoemen will have two new assistant coaches, James Speer, who played his high school ball in Smackover, Arkansas and then played his college football at Baylor University under George Sauer, will coach the Yoemen line.

Murphy Webster played high school football in the Dallas school system, Jr. college ball at DMar and then finished his college career at Midwestern University. Coach Webster has one year of coaching experience, serving as backfield coach for the Haskell high school. He will serve as the feeder team coach and do the scouting for the "A" squad.

Cameron and the Brazos Authority that water can be bought for two cents per 1,000 gallons or 50 barrels as against the cost of raw water to the city of Dallas which is twelve cents for the same amount. A more complete analysis of Mr. Smith's talk on the water problem in Cameron will be forthcoming in a later edition of the Herald.

Due to the fact that Cameron now pollutes the Little River with sewage and in other ways qualifies for government assistance Joe J. Rady, of the Rady firm of engineers stated that he had talked to a man in Dallas in regards to handling the Cameron claim for government assistance and while the government agency to handle the claim is in doubt the engineer said that "If and when any of the \$50 million set aside by the government for such work is spent in Texas, Cameron will get it's share." The agency to handle the Cameron claim could be either the Public Works office or the State Health Department.

Dr. David Shapiro came before the council with the proposition that his work as "City Health Officer" duplicates the work done and or paid for by the city to the City-County Health office Dr. John Bryson. Most everything that I have done so far for the city is the work of Dr. Bryson the Health Officer said. He then suggested that the city eliminate the job

See Council Meeting, back page

Yoe Registration Begins Monday August 27

Registration dates at Yoe High are as follows: On the morning of Monday August 27 all members of the band and athletes, regardless of classification, will register.

In the afternoon on Monday, August 27 beginning at 1 p.m., registration will be for Juniors and Seniors ONLY.

On Tuesday morning, August 28 registration will be for Sophomores and Freshmen.

Bo Peeps

by James E. Bo Patterson

Construction at the Citizen's National Bank, the Claude Triggs Cotton Office face lifting, the Horstman Tire Store glass front and the opening of a store on the square by Irving's plus the Burris Moseley store near the post office are all a part of the recent trend toward improving downtown Cameron businesses. They all are happy additions toward a better looking Cameron.

W. D. Bigbee wanted a requisition for a funnel from City Secretary. Weiser asked the engineer to "draw a picture" of what he wanted. Oh it's shaped like this and with a sweeping motion of the hands tried to show the more or less dense "keeper of the keys." That's more like a description of Bo Patterson the witty secretary said.

Colonel Holmes, just back from the Walled-Lake Gila Bend, Arizona establishment where the 118 degree temperatures melted him down to a Lieutenant tells this one. They were digging a well out there. They heard voices from "BELOW" complaining of the heat when they un-covered Gila Bend.

The NBC announcer voice of Clifford Thompson and the Paul Harvey commentary on the water situation in Cameron recently on KMIL moved the people to co-operate in an unusual way. Pressure went up at a time when it ordinarily takes a nose dive.

H. W. Smith left a call for me the other day which read "Call Smith 188. Now look 'H' please leave your initials the next time.

Your next Attorney General WILL WILSON WILL speak on KMIL at 11:45 a. m. Friday and at 7:45 a. m. Saturday. If you have any doubt that the A. G. job is not important enough to bother about ask your lawyer. If you want the office filled with a capable man WILSON WILL.

Eastern Star Calls Special Meeting

Cameron Chapter 553, Order of Eastern Star will have a called meeting Friday, August 24, 8 p.m. at the Masonic Hall according to announcement made by the secretary, Virginia Sanders.

Today's Text:— I have set the Lord always before me; because he is at my right hand, I shall not be moved. Psalm 16:8

In thee do we put our trust, O Lord, for thou art our strength and our salvation.—Amen.

Planners Work To Zone; Regulate Sub Divisions

Cameron's Planning Commission, under the gavel of Richard Moseley has put in several weeks now of concentrated work in formulating ordinances for regulating of sub-divisions.

The commission is studying the ordinances of at least ten Texas cities and the men have now been divided into three sub-committees to make detailed study of the phases and bring written recommendations regarding Cameron needs to the next meeting on Tuesday August 28 at 7:30 at the City Hall.

The commission also plans to propose ordinances on zoning in commercial, residential and industrial areas etc.

An overall plan of street extensions and improvements to provide through traffic arteries from all sections of the city to downtown Cameron are on the agenda of the commission, according to the publicity chairman. The plans will include proposed fire lanes.

Members of the commission drew numbers one through three for years of continuous service and limited the membership to nine members so that three new members will be added each year.

Present members are Richard Moseley, chairman; Henry Seibman, vice chairman; Albert Matula; Jack Tumlinson; Hilliard Thomas; Bennie Archer; Richard Williams; Bill Burns; and Charles Burke. Wayne Weiser, city secretary is secretary Bill Black is legal advisor and W. D. Bigbee Engineering Advisor.

Big Elm Watershed Program Gets Rousing Kick-Off

The real material benefits of a "Watershed Flood Control Association" were discussed at a mass meeting at Yarellton Friday night.

Central Texas' leading lay soil conservationist, Vernie Marshall of Bell County was described as a

man who had absolutely no material gain to be derived from the establishment of a Big Elm Watershed Improvement Association talked at length on the advantages to be gained by everyone "This side of taxes" in the watershed. Too much or too little water is

the history of the rainfall and the speaker described the blessings of a well developed watershed program which control 1. WATER SUPPLY and 2. WATER DAMAGE.

"Half of my field is on your place" one farmer is said to have informed another farmer after a huge rain. "Yes but it is about the same amount that I lost and yours is in the wrong place," the second farmer replied.

There's more silt than in some reservoirs as tons of precious topsoil is unnecessarily washed down creeks, Marshall said.

It isn't easy to sell those who can't see beyond their doorstep declared Marshall but where it has taken some of the early developers of watershed projects twenty years it can now be done with state and federal aid in about five years, he averred.

Buster Griffin of Yarellton was elected temporary chairman of the organizing group and his first move will be to appoint a temporary committee which, in co-operation with the Extension Service will arrange tours of toher Service will arrange tours of other watershed developments and disseminate information within the Big Elm watershed. The Soil Conservation Service will also co-operate in the initial stage of the operation with technical advice.

Next step then will be the formation of a permanent "Big Elm Watershed Improvement Association."

Approximately 100 interested citizens were present from all over the watershed at the meeting Friday night.

John Florida New American Legion Post Commander

John Florida was elected Commander of Edwin Hardy American Legion Post No. 9 at the last regular meeting.

Other officers elected were: Milton Fuqua, First Vice-Commander; Gene Goldfarb, Second Vice-Commander; John Schmidt, Adjutant; John Muse, Chaplain; Joe Gerick and Ed. Kohutek, Sergeant at Arms and H. B. McClellan, Service Officer.

The officers for the 1956-57 term will be installed at the next meeting on September 11, George LeNor, District Commander, will be in charge of the installation ceremonies. Buckholts Post will be invited guests at the installation.

After the regular meeting barbecue was enjoyed by those present.

Jersey Quads Born At Sharp

Jersey Quadruplets were born Wednesday, August 15 on the Henry Abel Farm at Sharp.

The eight year old heifer was in labor from 7 p.m. until after 11 O'clock.

A Veterinarian was called at about 11 p.m. after Abel and his wife had seen the first calf born at around 7, and feeling that this was "It" had left the house only to return later to find the second on its way.

The doctor was present in time to administer a still-birth. The third animal, he said was possibly a victim of strangulation and had been dead about an hour. Had Abel realized the windfall that was his and that a "one in a jillion" quadruplet birth was happening in his lot the third birth, a heifer, might have made it. In his twelve years of veterinary medicine the doctor said that he had never been in attendance at a multiple birth of more than twins. He expected to call the genetics department of A and M to determine what the percentage of quad births is.

Henry Abel bought the presently eight year old heifer with calf in

1953. The next year she bore twins then a single and eighteen months later had the quads, three of which are well and frisky and weighed in at an average of thirty pounds each. The sire of the "litter" was a white-faced Hereford. Two heifers and one bull survived.

Rev. Graes, Austin Speaker At Cameron Lutheran August 26

The Rev. Richard Graes of Austin will be the guest speaker at First Lutheran Church of Rosebud and Trinity Lutheran Church of Cameron on Sunday, August 26 and Sunday, September 2, while the Rev. Dewyth Beltz and family are on vacation. The Rev. Richard Graes was formerly a pastor of a Lutheran Church in Washington and is presently an instructor of English at the Concordia Lutheran College at Austin. All are invited to hear the Rev. Graes on these two Sundays. The time of services will follow the same schedule: First Lutheran Church of Rosebud, Sunday School at 10:00 A.M. and Worship Service at 10:50 A.M.; Trinity Lutheran Church located in Milam Theatre, Worship Service at 8:30 A.M. and Sunday School at 9:30 A.M.

Beltz Family On Vacation

The Rev. and Mrs. Dewyth Beltz and son Terry will leave on their vacation Sunday afternoon, August 19th. They plan to visit friends in Oklahoma and relatives in Kansas. In Kansas they will visit Mrs. Beltz's parents, Mr. and Mrs. W. L. Thies, in Canton, Kansas and the Rev. Beltz's parents, Mr. and Mrs. George H. Beltz in Bazine, Kansas.

While in Kansas the Rev. Beltz will conduct the Sunday services on August 26 at his wife's home congregation, Immanuel Lutheran Church, and conduct the services at his home congregation, St. Lukes Lutheran Church on September 2. They Beltz's plan to return to Rosebud on September 6. In the absence of the Rev. Beltz the Rev. Richard Graes of Austin

will conduct the Sunday services at First Lutheran Church of Rosebud and Trinity Lutheran Church of Cameron.

Rev. Dewey Beltz Attends LaGrange District Confab

The Rev. D. Beltz returned from La Grange, Texas today where he had been attending the Missionaries Conference of the Texas District of the Lutheran Church-Missouri Synod since Wednesday.

This conference was attended by over 50 Mission pastors serving The Lutheran Missions of Texas. Many papers and presentations were delivered at this conference.

Some of them were "Mission Sunday Schools", "The Community Canvass" and "Keeping Congregation Records." The Rev. Beltz delivered a paper on "Beginning a Youth Program in a Mission Congregation".

The Conference was under the direction of the Rev. A. O. East of Austin who is the Mission Director of the Texas District. Also present from the Central Texas area was the Rev. E. A. Heckmann of Waco who is the Chairman of the Board of Missions.

Mrs. Viola Offield Celebrates Eighty-Fifth Birthday

Mrs. Viola Offield celebrated her eighty fifth birthday with a family dinner on the lawn of her home in the San Gabriel community on Sunday, August 5. Children and grand children

were present for the gala event. Mrs. Offield received many beautiful gifts.

Those attending the celebration were: Mrs. Nora Tyler of Hearne, Mrs. Babe Anderson and son Eric of Austin, Mrs. J. R. Tyler and daughters, Miss Nora Mae Tyler and Mrs. Clay Arnold and daughter Frances of Cotulla, Mrs. Lorene Offield and sons Luther Offield and Mr. and Mrs. Boyd Offield and son Carrey Wayne of Tracy, Mr. and Mrs. Burford Offield and son Nathan of Cameron, Mr. and Mrs. Melvin Offield and children, Joe David and Wanda Sue of San Gabriel, Mr. and Mrs. C. B. Gilbert of Cameron and Mr. and Mrs. W. V. Harris and son Charles of Waco.

On Saturday, August 4, many of Mrs. Offield's friends and neighbors came to visit her and wish her a happy birthday.

Lone Star Gas Co. Names J. M. Lynn Jr. General Sales Mgr.

J. M. Lynn, Jr., assistant general sales and promotion manager for Lone Star Gas Company's General Division of Distribution since February 1, has been named general sales and promotion manager for the Division, M. L. Bird, vice

president, announced today. Lynn succeeds Carl L. Trevitt, who retired July 31.

Formerly general sales and promotion manager for the Company Dallas Division of Distribution, Mr. Lynn will direct the sales and promotion activities in the 388 Texas and Southern Oklahoma cities and towns served by the General Division of Distribution.

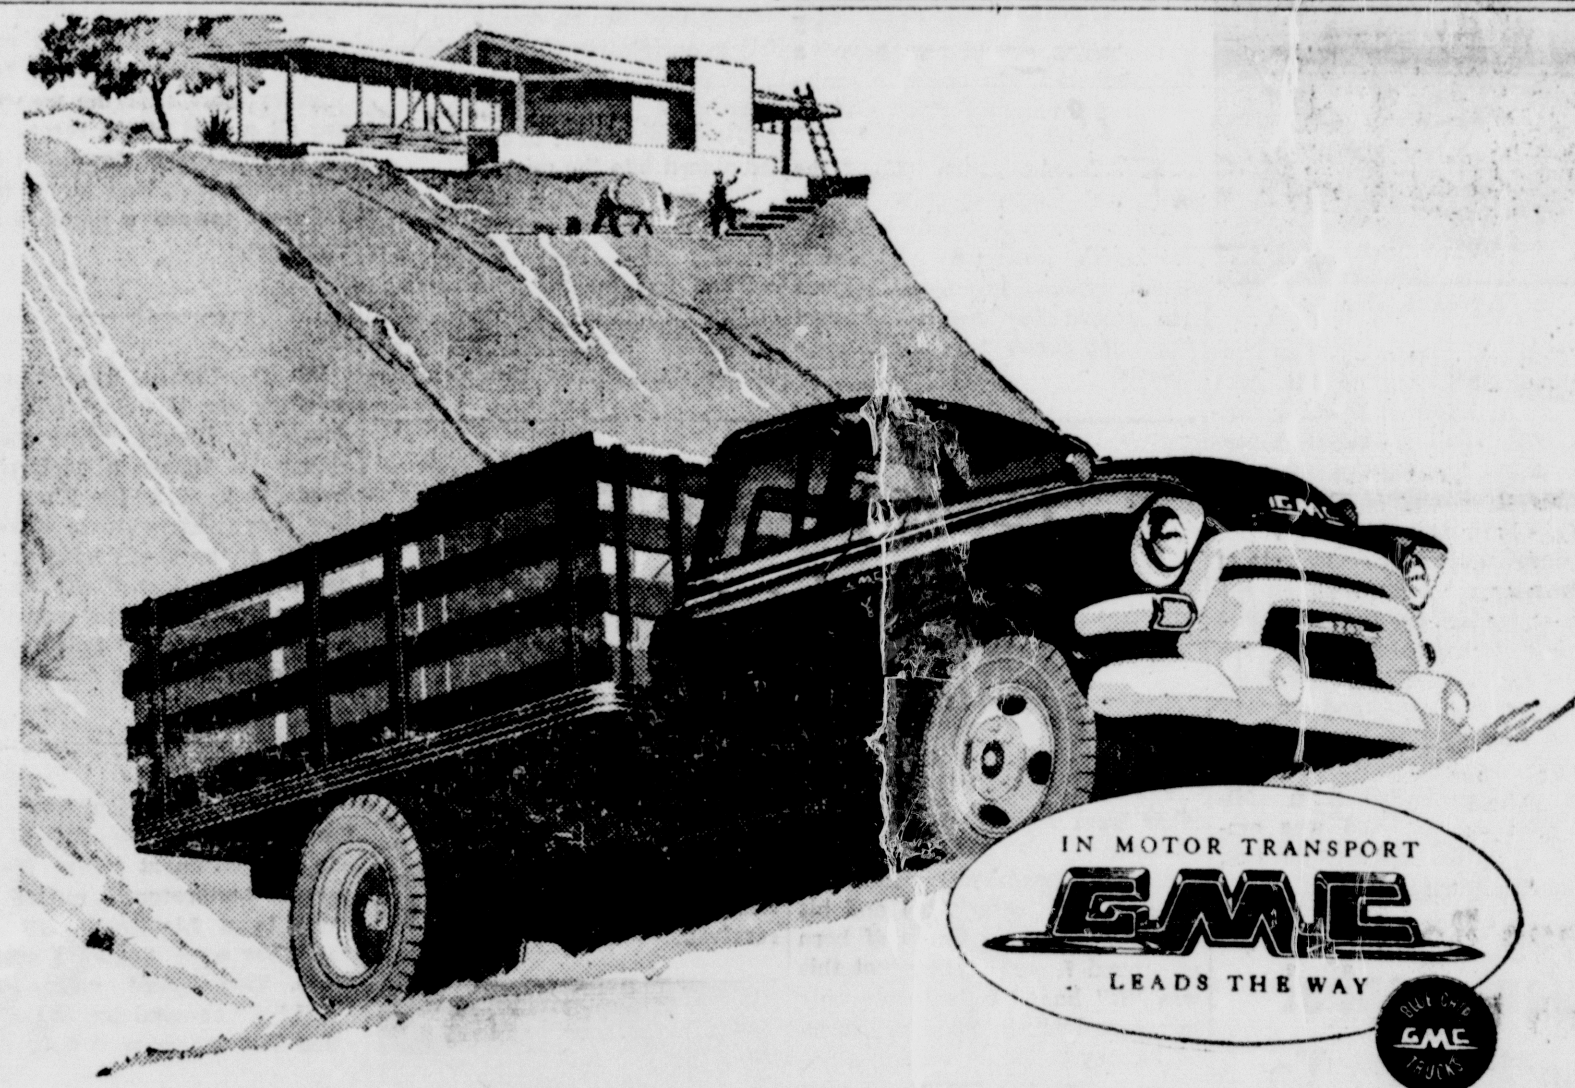

Lynn joined Lone Star September 16, 1930, almost 26 years ago. He spent two years in meter shop and home service work before becoming one of the Company's first retail salesmen in Dallas.

A graduate of Southern Methodist University, Lynn is a native of Tennessee. He is a member of the Southern Gas Association and a director in the Dallas Sales Executives Club. He is also an associate member of the Dallas Real Estate Board and a past president of the Blue Flame Merchandising Council.

Mr. and Mrs. Lynn have two daughters.

This GMC has "muscles" unsurpassed in its class!

The simple facts speak for themselves.

This new GMC 250-8 has 180 V8 horsepower standard. No other truck in its class comes even close to that.

The extra power delivers 276 foot-pounds of truck-propelling torque. Over-the-road truckers call it "guts"—and this GMC's got up to 33% more than the others.

It's at the top of the heap in frame-strength, too. In fact, there's as much as 10% more "muscle" in its chassis than you'll find in comparable trucks.

And there's more. For this rugged GMC

has 3500 lb. front axles and 7200 lb. rear — unsurpassed in its weight bracket. It has extra-size brakes and springs.

Add it all up and you can see what GMC Blue Chip stamina really means. Especially when you team it with a GMC's dependable performance and Hydra-Matic* savings.

For here's a truck that not only delivers the goods at lowest cost—but keeps delivering long after an ordinary truck would have faded out.

Come in and find out about having one start work for you! *Optional at extra cost

WILL WILSON

FOR
ATTORNEY GENERAL

NOW

HUMBLE RESEARCH

presents to the motorists of Texas
the world's finest automotive gasoline . . .

Golden Esso Extra

This new gasoline is designed for the growing number of automobile engines with very high compression ratios, and for cars that tend to knock on "premium" gasolines. In many cars, it is the only gasoline that will give you knock-free performance.

It has the highest octane rating of any automotive gasoline in town—the highest by far.

But octane rating is only one performance quality. Other improvements match Golden Esso Extra's increase in octane rating: this new gasoline also sets new quality standards for quick starting and fast warm-up, for protection against vapor-lock, for

minimizing engine deposits, for maximum acceleration, for protection against gum formation, for long mileage and maximum power.

It is the finest gasoline Humble has ever made—its performance rates it "premium over premium."

If yours is a car with a very high compression ratio—if your high compression engine tends to knock on "premium" gasoline—fill up with Golden Esso Extra at the golden pump under the Humble sign. You'll save the extra cost through performance, operating economy, and added gasoline mileage.

Golden Esso Extra is One of Three Great Humble Gasolines

Golden Esso Extra is for cars with very high compression ratios. But there are hundreds of thousands of automobiles in Texas that give perfect performance on Humble's famous Esso Extra gasoline, and there are others that perform well on regular grade Humble Motor Fuel.

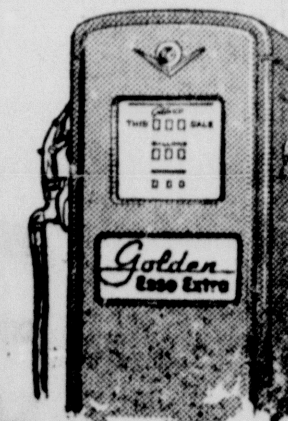

Humble provides all three grades: Golden Esso Extra—premium over premium; Famous Esso Extra—premium; Humble Motor Fuel—regular.

Thus: you pay only for the quality your car requires.

Those whose cars require Golden Esso Extra quality will find it profitable to pay more for this new gasoline.

But for many, Famous Esso Extra is the best gasoline they can use. No. 1 in Texas, first in sales among the "Premiums" because it's first in quality. This great gasoline will continue to be the leader in its field.

For others, Humble Motor Fuel sets the pace for performance and mileage among the "Regulars." It is the only regular gasoline in Texas that contains a patented solvent oil to keep your engine clean.

Use and pay only for the gasoline your car requires . . .
You'll find it under the Humble sign.

An Editorial

WILL WILSON who recently resigned as a Judge of the Supreme Court of Texas in order to campaign for Attorney General has told his supporters there is only one real issue in the race:

"The issue is not 'Do we have corruption in government?,' he said. 'The one vital issue in the race for Attorney General is — 'Who is best qualified to clean it up?'"

WILL WILSON believes his record as a two-time assistant attorney general, prosecuting District Attorney and Texas Supreme Court justice qualify me to do this job, he stated.

WILL WILSON was elected to the Supreme Court of Texas in 1950 by a heavy majority. He is one of the youngest men ever to serve on the high bench. While District Attorney he gained national recognition in his fight against organized crime in Dallas.

WILL WILSON successfully prosecuted cases involving millions of dollars for Texas school children.

WILL WILSON served in World War II in combat throughout the South Pacific and was decorated for patrol activity behind Japanese lines. Born forty-four years ago in Dallas, Wilson received a Bachelor of Science Degree in geology in 1934 and was graduated from Southern Methodist Law School with the top record in his class.

WILL WILSON, has told Texas voters that in the field of political philosophy his dominating interest is in the decentralization of government.

"The best way to stop the centralization of government is by building strong and effective units of local self government," WILL WILSON declares. "It will be my purpose to strengthen city and county governments wherever possible."

"All these qualifications and the political philosophy expressed here coupled with the unqualified recommendation of Texas Lawyers cause this newspaper to also add its unqualified support behind WILL WILSON to become the FIRST LAWYER OF TEXAS."

August 13 Is Grandparent Day For Shafers

Randy Lee Shafer, 7 pound, 9 ounce son born to Mr. and Mrs. Raymond Lamar Shafer at Annapolis, Md., on August 13. His grandparents are Mr. and Mrs. Raymond Shafer of Cameron, Rt. 3.

Another grandson of the Shafers had his ninth birthday on August 13. He is Michael Wayne Kornegay, son of Mr. and Mrs. Alex Kornegay Jr., of Rt. 1, Gause, Texas.

Three Cameron Aggies On Spring Distinguished List

Three Cameron students at Texas A and M College have been named distinguished students for the spring semester, 1956. The students are, in alphabetical order: Monroe H. Fuchs, Henry C. Hill and David W. McLain.

Short Snort

Albert Wilkinson of 522 Ash Ave. in Tempe, Arizona writes "Cameron has always been my hometown and have been in Arizona for some few years but we still love Cameron and have many friends there. I want the paper..."

CARD OF THANKS

Jack Shuffield wishes to thank all those who graciously rendered services and performed acts of kindness and thoughtfulness on the occasion of the death of his mother, Mrs. Maude Ella Stevens on Saturday, August 18.

Especially, he wants to mention the staff of St. Edward's Hospital Green's Funeral Home and those friends who sent flowers and food and otherwise were so thoughtful and kind. To Reverend P. L. Cap-

erton and Rev. Bowley he desires to express the warm feeling which he holds for both of them.

Jack Shuffield

Last year, 20,500 veterans and dependents of veterans gave the American Red Cross power of attorney to represent them before the Veterans Administration.

Mrs. E. R. Howard of Falfurrias, Patsy Stanley and Kenneth Howard are visiting relatives in

Freeport, Clute, Galveston and Texas City. They also visited Mr. and Mrs. Ed Westbrook of Cameron.

Mr. and Mrs. Wesley White and son Johnny Cook of Houston visited in the home of Mr. and Mrs. Ed Gunn over the weekend.

Mr. and Mrs. E. C. Gunn of San Marcus and daughters and June were recent visitors in the home of Mr. and Mrs. Ed Gunn.

TO SAFEWAY CUSTOMERS!

We're Sorry....

Sorry if you're not finding everything you want in our stores these days. But we have a strike on our hands that prevents us from operating normally. However, we're operating as near normal as possible and we'll keep our stores open until the strike is settled.

What the Strike is about....

Last week our mechanics union (18 members) in the truck repair shop went on strike, after turning down the best terms for a contract in the food distribution business in the area. Without a contract they have had the best wages and working conditions for food handlers in the area.

When the mechanics put up a picket line, many of our warehousemen and truck drivers, who also belong to a union, refused to cross the line. That's what has slowed down operations at Safeway's big Distribution Center at Garland where our warehouses are located. That's why our trucks cannot be loaded as rapidly as usual with supplies for our retail stores.

Wages offered our mechanics:

\$92.16 for a 47-hour week, which is an average of \$1.96 per hour. Plus 10¢ an hour bonus for night work. The offer represents an increase of 10¢ an hour for the first year of a three-year contract, 8¢ an hour for the second year, and 7¢ for the third year. Those are the terms on which a contract settlement was made with nearly 300 truck drivers and warehousemen last June 17.... It is a just and fair offer.

We are arranging for outside supplemental supply sources so that we can serve you as nearly like you want to be served as possible. We hope you'll continue to SHOP SAFEWAY during this strike period and we will do our level best to have everything you want.

Shop  SAFEWAY

★ News From Maysfield ★

Mr. and Mrs. Tommy Thweatt and son of McGregor spent the weekend with his parents, Mr. and Mrs. Gilford Thweatt.

Mr. Forrest Smith of Houston visited the Roy Newtons last week end.

Other weekend guests in the Freeman home were Mr. and Mrs. Bill Freeman and children of Austin, Mr. and Mrs. David Mohney and children of Dallas, Mr. and Mrs. John Freeman of Houston arrived Wednesday for a visit with June and their parents.

In Memory of

Mrs. Rudolph Provasek
(Died One Year Ago Today)

A silent footstep passed and gone
We trust we'll meet in glory
With the redeemed in the great beyond.

Revealed in God's dear story

A silent voice, a heart so true

A sound that has been still-

And a vacant place within a home

That can never be filled.

But to this we know, our Savior gives

And through His love has taken.

And if the Christian life we live

We'll never be forsaken.

But Alas! for us the Savior died

Upon the Cross for you and me.

And through His grace he heard our cries

From sins dark path He lifted thee.

By a friend

Mrs. Joe Tomasek

Waco Lake Swim Declared No Mean Aquatic Feat

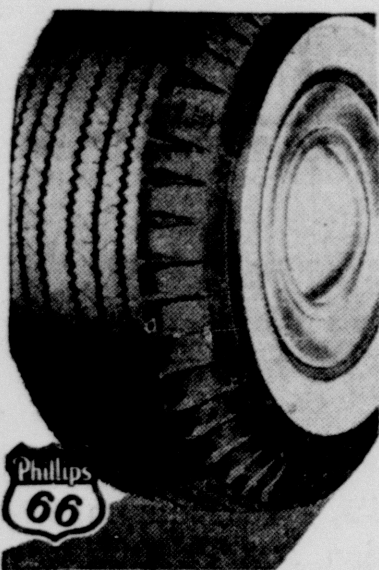

Never stopping to float or tread water in a two and a half mile swim across the widest part of Lake Waco recently a six-foot, two-inch, 190 pound, 23 year old, Billy Robbins of Route 3, Rosebud made it in one hour and forty-five minutes.

A story in a Waco newspaper of Robbins' achievement, written by George Raborn said that the feat impressed him because the writer said that he had taken fifty minutes to swim the narrow part of the lake.

Robbins was graduated from Yoe High school, in Cameron, in 1950. He played end for the Yoe men and also participated in school baseball and basketball.

In the Korean war Robbins served as a combat paratrooper for 16 months. He is the son of Mr. and Mrs. C. S. Robbins of the Clarkson community.

Mrs. Bertha L. Turner of Austin is visiting in the home of her son, Lester Turner of Cameron this week.

Sealed bids will be received for the sale of the Burlington colored school building. All bids must be in the hand of the Burlington School Board, Burlington, Texas, by September 1, 1956. School board reserves the right to accept or reject any or all bids.

Bassett Watson Of Cameron Nearing 30 Year Service Made TP&L Veep

Bassett Watson, assistant vice president and general sales manager of Texas Power and Light, was elected a vice president of the Company Wednesday at the board of directors in Dallas.

Watson will retain the title and responsibilities of general sales manager which he has held since June of this year. Prior to this time, Mr. Watson was manager of the Company's Area Development division, with headquarters in the Company's general offices at Dallas.

Watson is a native of Cameron and a graduate of Yoe High and University of Texas. While attending the University he worked during the summers in the TP&L Cameron office.

After graduation he was employed by the Company in August, 1927. He served successively in the Rate department of the Dallas office, as chief clerk at Cameron, chief clerk and assistant manager at Denison, assistant manager at Bonham and research analyst in the Dallas office.

He took time out for military service in the U.S. Air Corps in 1943 and 1944.

In 1945 he was transferred to Waco as assistant district manager and became manager of the district in 1951.

When the Company's Southern Division was organized in August, 1952, Mr. Watson was made its first manager and held this position until he was elected an assistant vice president of the Company and placed in charge of its Area Development division in May, 1955.

How the range improvement program of the Hill Country Association of Soil Conservation District pays off for ranchers will be shown on the same program. Viewers will see excellent pictures of the before and after effects of Range improvement practices.

Football, quarter horses and range improvement will be highlighted next week on The Humble Company's TV program, Texas in Review.

The Southwest Conference Football Officials' Association met recently in Houston to discuss rules changes for the rapidly approaching season. And on the same day Southwest Conference football announcers attended a unique school taught by the Rice Institute coaching staff. Purpose of the school was to instruct the announcers how to accurately identify and describe various plays and formations that may be used in Conference play this year. What went on at these meetings will be featured.

From Hardin-Simmons University in Abilene will come a report on the annual meeting of the Southwest Athletic Trainers' Association. Illustrated will be ways

trainers care for athletes and help prevent injuries.

Films of the Four-State Quarter Horse show at Texarkana will show some of the finest quarter horses in the world. Included will be pictures showing quarter horses being used on ranches.

Mrs. Maud Ella Stevens, 65, died at St. Edwards Hospital at 11 p.m. Saturday, August 18.

She was a resident of Milam County since 1900. She had been in declining health for the last few months.

She was a member of the Battletown Baptist Church.

She is survived by one son, Jack Shuffield; two sisters, Mrs. John McDermott of Cameron and Mrs. W. S. Thompson of Hempstead; three brothers, Tom and Robert Ainsworth of Cameron and Graham Ainsworth of Rockdale.

Services were held at 5 p.m. Sunday, from the Chapel of Green's Funeral Home with the

Humane Society Vigorously Opposes Inhumane Slaughtering of Meat Animals

The National Humane Society of Washington, D. C., which is campaigning vigorously for the industry-wide use of humane slaughtering methods said in Senate hearings on Senator Humphrey's bill that 1.) Methods of slaughtering animals now in almost universal use in American slaughterhouses cause intense suffering and constitute a cruelty repugnant to our national moral code; 2.) Practical methods of killing animals humanely are available; and 3.) It is evident that the packing industry will not end the cruelty without compulsion of law. The Society points out that the pork industry alone loses \$3 million annually in bruised meat as a direct result of hanging and knifing fully conscious animals that struggle in the painful and terrifying process, causing bruises, improper bleeding and dislocation of bones. Such humane methods as the anaesthetization of animals by carbon dioxide or instantaneous stunning by a captive-bolt pistol (as a replacement for the poll-ax which often is used repeatedly before the animal is felled) urged by the Society not only prevent the animals' suffering but makes the slaughterers process more efficient, rapid and economical.

Following adjournment of the 84th Congress Congressman W. R. Peage, Chairman of the House

cruelty, a national disgrace. Humanitarians hope that the Congressmen who visited the slaughterhouses this month, viewing both humane and inhumane passage of a compulsory humane slaughter law by the 85th Congress.

CARD OF THANKS

We take this means of extending our heartfelt thanks to our many friends for the kindnesses shown us during our recent bereavement.

We are grateful for the prayers that were offered, floral arrangements and food.

We also wish to thank the Masonic Lodge for its splendid service. May God bless each of you.

THE LIEUTENANT WORE SKIR

LITTLE RIVER PHILOSOPHER
IS WORN TO NUB BY SEVEN
WOMEN SPEAKERS IN A ROW
AT NATIONAL CONVENTION

Editor's note: The Little River philosopher on his Johnson grass farm on Little River has been listening to the national political conventions, but what he found out is hard to say.

Dear editor:

I'd been listening to political convention speeches so long out here lately I felt like I had to get some rest so I borrowed a newspaper out of my neighbor's mail box yesterday morning. I can't see how borrowing a paper just to read it is much of a crime, after all, the print stays the same, regardless of reads it first. It's not like borrowing a pair of socks, and come to think of it, everything in the paper must have been read two or three times before anyway by the people who put it

together, although occasionally you run into an article that looks like it was never examined before by anybody, at any rate, I took the paper and settled down under a shade tree and turned to the inside pages just to avoid the convention news.

I hadn't gone long when I ran into an article describing sound waves which a scientist said apparently came from the planet Venus. According to him, it wasn't an echo, or sound from our planet bouncing back, although he said it sounded like static.

I don't know whether anybody is living on Venus or not and am not very curious about trying to find out, as I'm not through exploring the area bounded by my farm yet, but the fact that the noise this scientist heard coming from there sounded like static doesn't mean anything.

That is, I don't know how far out a radio beam goes, but if it can reach Venus and if there is anybody living there and he heard say a broadcast from a political convention on this earth, you think it would make much more

OUR SOIL ★ OUR STRENGTH

Several ranchers in the western portion of Bell county are making sense than static?

I'll tell you, I listened pretty closely to the Democratic convention in Chicago, and while the Democrats are accused of favoring economic planning, I don't believe there are enough speakers in the world, not to mention just one party in the United States, who can fill up four days before the microphone and not wear the audience down to a nub.

Conventions, like plowing, are necessary, but anything anybody can do to shorten either will have the undying gratitude of a lot of people, although I will say this, I've never heard a speech yet, regardless of how dry it was, that could drive me to plowing.

Yours faithfully,
J. A.

San Antonio C of C
Sponsors Dry Goods
Apparel Show

More than 300 lines of nationally advertised merchandise will be displayed for area retailers in San Antonio during the three-day fall dry goods and apparel market Aug. 26-28.

Listings on all manufacturing firms to be represented were included in a buyers directory mailed to South Texas buyers this week by the San Antonio Chamber of Commerce, sponsor of the event.

Highlight of the merchandising event will be a dinner-dance Monday evening at La Villita for the visiting retailers and their wives or husbands.

The market is one of four sponsored annually by the San Antonio Chamber of Commerce. A total of 119 exhibitors will have display rooms in the Gunter Hotel and additional San Antonio wholesalers will open their doors for the visiting retailers.

plans now to rest a part of their range next year. Due to the extended drought most range grasses are in poor condition and will need a rest. The best time to rest range grasses is during the growing season. A period of from 90 to 120 days each growing season range grasses to make a good growth and seed crop. Soil Conservation personnel at Belton are recommending at least one pasture on a ranch be rested from 90 to 120 days is needed for most until grasses recover from the drought.

Deferred grazing should be continued as needed to keep grasses in a vigorous state of growth.

Thomas Bigham, district cooperator south of Rogers, constructed five ponds the past few years of 2,000 cu. yds. average per pond and all are dry now. He is considering constructing one large pond with about 5,000 cu. yds. across a natural drain in his permanent pasture so as to have a safe supply of water in the future. Stability of the livestock producer rests on a dependable supply of water.

Alois Rabroker, east of Zabcikville, is one of several cooperators of the Central Texas Soil Conservation District cooperators having good yields of crops following hubam clover. He made 2,650 lbs. of maize per acre this year on land treated with hubam clover two years.

The Central Texas SCD board of supervisors will have their regular monthly meeting Tuesday, August 21. The monthly activities will be handled at this meeting.

Black-White Holstein Show,
Sale At Dublin Sept. 7-8

The Holstein-Friesian Association of Texas is sponsoring a Black and White Show and Sale to be held in Dublin, Texas September 7 and 8. The Black and White Holstein cow has come to mean much in Texas...the Big Cow for the Big State.

Most of the leading breeders in the State will have their top show

herds there at this time. 60-75 head are anticipated. Much emphasis is being placed on a junior show.

A Junior Judging Contest will be conducted along with the show under the sponsorship of Dr. W. W. Reed of Tarleton State College.

Trinity U. And Research
Foundation Get Two Grants

Trinity University and Southwest Foundation for Research and Education have jointly been awarded two national grants for research on smooth muscle, a component of most of the body's internal organs.

One is a three year \$27,000 grant for research in allergy and its effect on smooth muscle from the National Science Foundation. The other is a two-year \$18,000 grant from the National Heart Institute of the National Institutes of Health for a study of fundamental biochemistry of smooth muscle.

On the research grant from the National Science Foundation, research in allergy will investigate chemical steps by which allergies are produced in smooth muscle. Scientists will attempt to find out exactly what goes on in the muscles in allergic reactions. Dr. Geiger said that many allergic symptoms are believed due to reactions of the smooth muscles of the organs affected.

Mandatory Trial
For Mentally Ill
Can Be Abolished

Constitutional amendment No. 7 which goes to Texas voters in the November general election drew strong support today from Durwood Manford of Smiley, Chairman of the Board for Texas Schools.

"By approving this amendment," Mr. Manford said, "Texans can correct the injustice of our present mandatory jury trial for mentally ill persons seeking treatment in our state hospitals."

"The proposed amendment in no way interferes with the constitutional right to a trial by jury, but simply permits a person asking admission to a state hospital to waive this court procedure."

Passage of the amendment should relieve some of the anguish mental illness imposes, but will by no means deny a jury trial to any person requesting it, the hospital board chairman said.

Gets TCU Fine

Arts Scholarship

Joyce Nicholson, 707 N. Washington St., Cameron, has been awarded a special high school scholarship to attend Texas Christian University.

Dr. T. F. Richardson, chairman said Miss Nicholson has accepted the award and will begin her studies in the TCU School of Fine Arts in September.

The scholarship is for \$800. payable at \$100. per semester.

Dr. Richardson said that Miss Nicholson was selected for the award because of her outstanding high school scholastic record and other qualifications.

Alcoa Provides For
Employees To Learn
While On The Job

Aluminum Company of America has announced a new tuition-aid plan which will enable employees to undertake or continue college studies with company financial assistance.

The plan provides tuition reimbursement to a maximum of \$200 per year for employees who wish to obtain a college education or proceed into advanced study.

In announcing the plan, Alcoa stated that it hoped the program would encourage self-improvement among employees, and enable them to perform their present jobs better and prepare for increased responsibility. Courses of study must pertain to the employees' present or possible future work with the Company.

She also visited in the Q. L. Cryer home here and in the Walter Cryer home in Friendship. She is making an extended visit with her brother, Rufus Cryer and family in Val Verde.

TELEPHONE
TALK

Color, Color, and More Color

Nowadays, products of every kind seem to be coming out in more colors than the rainbow. You see the advertisements for these products in magazines, and you see them in stores and shops around town. Yes, everyone is "going to color."

The telephone company is, too. Our new telephones come in eight bright colors to blend or contrast with the color schemes in your home, office, or store.

And that means a double advantage for you. Because if you've been thinking about ordering an extension telephone, why not ask for one in color? You get extra convenience with an extension, and color adds a touch of good looks to your home or office.

You can select from among ivory, green, beige, yellow, red, blue, gray and brown.

Just call the telephone business office, or stop in next time you're in the neighborhood. The cost is \$10.00 plus a one-time installation charge of \$2.00. Extension service is \$1.00 a month. These are residence rates; business rates are slightly higher.

Brighten Up Your Weekend

Summer weekends are times for mowing the lawn, putting around the house, and relaxing a bit. Or maybe you like to golf, prune the flowers, or just keep cool. At any rate, summer weekends are always perfect for "get-togethers" with family or friends.

For many of us, family or good friends are just around the corner or up the block.

But if members of your family or old friends are miles away, you can still count them in on your weekend get-togethers — with a Long Distance call. And hearing their voices again adds to your weekend fun.

Why not call this weekend? Rates are lower all day Sunday, and after 6 p.m. on weekdays and Saturdays. And when you do, call by number — it's twice as fast.

Cartoons Tell A Story

We see cartoons from time to time of the man calling home to tell his wife he'll be late for dinner. As she hangs up the telephone, she races to pull dinner out of the stove.

Maybe the moral of the story is to call your wife if you're going to be late, otherwise, you'll be eating a burnt dinner.

At the telephone company, we read between the lines and see that the telephone "saved the day" once again. Actually, the telephone "saves the day" many times each day as we count on it more and more to save up time and steps.

Call by number. It's twice as fast.

SOUTHWESTERN BELL TELEPHONE COMPANY

Why people who used to buy higher priced cars
are changing to Chevrolet

More and more buyers are deciding that they prefer a sweet handling Chevrolet to a big, unwieldy high-priced car!

When you consider Chevy's reputation for performance and roadability, you wonder why any

America's largest selling car—2 million more owners than any other make!

one would pay hundreds of dollars more for a higher priced car. Well, a lot of people have been wondering the same thing, and the result has been a big switch from high-priced cars to Chevrolet. Of course you save plenty, too. Come in and sample the fun and get the facts!

News From Burlington

MRS. GEORGE LOGAN

Burlington and vicinity were shocked when a prominent citizen W. D. Swanzy, 43, died of a heart attack at his home at Burlington, Friday, August 17, at 9 p.m. Funeral services were held at the Burlington Baptist church at 2:30 p.m. Sunday with the former pastor, Rev. Lewis Newman of Corpus Christi officiating, assisted by the pastor Rev. Verne Thompson. Burial was in Woodland Cemetery in Rosebud. The Rosebud Masonic lodge No. 745 had charge of the graveside service. Stanley Wied has been ill but is able to be up.

Mrs. Joe Kubicka and six children of Baytown spent a week here with her parents for a visit. They were accompanied home by Mrs. Kubicka's sister, Miss Mary Jo Helpert who visits there.

Mrs. Sallie Davis left for Minerva where she is nursing a sick relative for a few days.

Mrs. Henrietta Robertson of Victoria spent a few days here recently with Mrs. Fritz Weid and other friends.

Mrs. Paul Moore of Killen and her father Mr. H. F. Cobb and her niece Miss Florence Lynton of Columbus, were guests of Mr. and Mrs. George Logan recently. Paul Moore of Killen was on an outing at the river with Rosebud men.

Mrs. John McAtee spent last weekend with her daughter, Mrs. Verner Mees and children at Belton.

Mr. and Mrs. John Murff of Houston who came for the W. D. Swanzy funeral Sunday afternoon attended church services here at the Baptist church Sunday.

Miss Carolyn Stock of Rosebud attended church services Sunday at the Baptist church here.

Mr. and Mrs. Roy Lee Franklin and family of Velasco visited relatives here and at Rosebud last week.

Rev. and Mrs. Henry Davenport of Ft. Worth, accompanied by Miss Barbara Furr of McKinney, visited Mr. and Mrs. Henry Davenport last weekend and attended church services here Sunday.

Hugh Davenport of Burlington, accompanied Mr. and Mrs. Wilscher of Rosebud to Corpus Christi last week.

J. B. Davenport who has attended University of Corpus Christi is entering there again September 14. His cousin Fred Davenport Jr. will also enter the University there September 12.

Rev. La Verne Thompson filled his regular appointment at the Baptist church Sunday morning and night.

Mr. and Mrs. Le Roy Grall and family of Houston visited Mrs. M. Hagerty and Harry recently.

H. Lorenz, Herbert Reddehouse and others are employed in Temple.

Mr. and Mrs. Leonard Dillenburg of Houston visited relatives here recently. They were accompanied home by their children, Lynn and Connie who visited here several days.

Ed Martin of San Antonio and his brother, Hugh Martin of Bryan visited their mother and other

relatives here recently. Mr. Herman Schulz led in Teachers and Officers meeting, Wednesday night. His daughter Mrs. Bill Matyastic will lead next Wednesday night.

Mr. and Mrs. Hollis Marshall of Houston were visitors here the past week as guests in the Earl Allison home.

Mr. and Mrs. Tal Woodward's guest is their son, Curtis Woodward of Seattle, Washington who arrived Friday to spend a few days there while on vacation. Mrs. Woodward has just returned from Houston where she was a guest last week of another son's family, Mr. and Mrs. Udell Woodward.

Texas Jersey Demonstrates 500 % More Milk Possible

Over five and one-half times as much milk would be produced in Texas today if all its dairy cows gave as much milk as a registered Jersey cow owned by Knelle Jersey Farms, Sandia, Texas.

The 7-year-old Jersey, Masterman Golden Xenia, recently completed a record of 18,760 lbs. milk with 1,020 lbs. fat in 364 days. She received Gold and Medal of Merit awards from The American Jersey Cattle Club, Columbus, Ohio, for her extraordinary production.

Second Lt. Bryce McClellan of Ellington Air Force Base visited his parents, Mr. and Mrs. H. B. McClellan over the weekend.

Among the volunteers participating during the past year in Red Cross Blood Program activities were 4,000 physicians, 8,000 nurses, 1,000 technicians, and 86,000 other volunteers.

The American Red Cross last year issued 202,100 certificates to persons completing its home nursing courses.

News From Milano

MRS. DAN ROBINSON

Milano has organized a ground observer post named Juliett Alfa Post.

Postmaster John Yoakum is supervisor. Boy Scouts and the Demonstration Clubs of Milano have pledged their support. There has been one alert as the Milano Observers held their watch in the Telephone Company Yard and calls were made from that station to the "Alert Center" in Houston. Seventeen persons have volunteered for the watch during the ten hours period. Mr. Yoakum was well pleased with efforts put forth. He declared the alert a complete success.

The Milano Telephone Company has been sold to a Mid-State Telephone Co. in San Antonio and plans are underway for the dial system.

Mrs. W. F. Hooker is recuperating nicely at her home but still is not able to walk. Some of her children are here all the time.

Visitors in the home of Mrs. Pearl Williams recently were Mr. and Mrs. B. A. Pinkerton and children of Mercedes. Mrs. Helen Wilson, Mrs. Beatrice Page and daughter, Wanda Jean Page, Mr. and Mrs. George Frammel and children all of Houston, Mr. and Mrs. Al Brock of Marlin, Mrs. Bob McLain and two children of Sacramento California and Clarence Jackson of Salty.

Mrs. Harold Loewe and children have returned home after a week visit here with her grandparents, Mr. and Mrs. Asa McGregor while she was here they were guests in

the home of Mr. and Mrs. Carl McKnight in Caldwell.

The winsome class of the Baptist Church entertained with a going away party Friday night for Mr. and Mrs. Cox who are moving to Valley Mills. The Cox family has been here several years. He was freight Agent. There were about 35 present for the entertainment. Ice Cream and cookies were served.

Milano school will open September 4 at 8:30 according to Superintendent Wilson. The regular daily schedule will be followed and the lunch room will be open. Buses will run as usual. Parents are invited at all times. School will open with a full faculty and with a new coach - teacher, Shelby Smith.

Mr. and Mrs. Otho Warren of Hempstead spent part of last week here with her father, M. M. Pierce and sister Marylene they had been on a vacation and were returning home.

Hiram and Mrs. Lila Smith and Caroline have returned home from a pleasant visit at Freeport in the home of Mr. and Mrs. Claud Smith.

We are glad to see Welcome Woods home from a three weeks stay in the hospital. He is very much improved but lost fifty lbs. while there.

Frank Harely suffered the loss of several fat hogs last week from the heat. The water dried up before he knew it. They were in the pasture and he thought they had plenty of water and when he went to see about them found several dead.

Mrs. Laura Cook of Solano, N. M. was a guest in the home of Mrs. Pearl Williams recently.

Funeral services for Mr. W. D. Swanzy was held Sunday at 2:30 p.m. at Burlington. Burial was in Rosebud. He was a brother of Mr. Jim Swanzy of Milano.

grand children and fifteen great-grandchildren. Funeral services were held at 3 p.m., Tuesday, from the First Baptist Church in Cameron with Rev. A. F. Russell officiating. Interment was in Ben Arnold Cemetery. Pallbearers were her nephews, James, Kermit, Buddy, Dean, Lloyd and John.

Miss Williams Is
Recent Bride Of
William G. Strzinek

Miss Kathryn Nell Williams and William George Strzinek, Jr. were united in marriage on Saturday evening, August 11, in a double ring ceremony at Immaculate Conception Church in Tyler.

The bride is the daughter of Mrs. L. C. Williams of 2312 McCullar Drive, Tyler.

The bridegroom is the son of Mrs. Emelia Strzinek of Cameron and William Strzinek of Temple.

Monsignor Vincent J. Wolff of Dallas officiated at the wedding service. Miss Grady White, organist, and Mrs. James R. Cooney, soloist, furnished the wedding music.

The altar was decorated with arrangements of white gladioli and clusters of white magnetic daisies. Massed palms completed the nuptial setting.

The bride, given in marriage by her brother, Patrick L. Williams, wore a waltz-length gown of white chantilly lace and nylon tulle over taffeta. The dress was fashioned with a fitted bodice, a scalloped neckline and short scalloped sleeves. Iridescent sequins outlined the scallops. Lace appliques styled the tulle skirt. Her fingertip veil of imported illusion, cascaded from a tiara of tulle appliqued with lace and outlined with seed pearls and sequins. Her flowers were a shower of white chrysanthemums, foliage and satin streamers.

Miss Carol Ann Williams served her sister as maid of honor. Her ballerina-length gown of yellow taffeta was fashioned with a rounded neckline and a pleated skirt. She carried a bouquet of bronze and gold chrysanthemums tied with matching ribbons.

Stanley E. Goebler of Tyler attended the bridegroom as best man. Serving as ushers were James O. Stanley, Charles J. Saleh and George Blanchard.

A reception was held at the Rose Gardens. The serving table was centered with an arrangement of chrysanthemums, carnations, fern and candelabra.

Members of the reception house party were Mrs. W. F. Pearson and Misses Dorothy Simpson, Frances Gail Williams, Selma

MRS. WILLIAM G. STRZINEK

Korkmas, Joan Kamel and Dolores Hawkins.

For a wedding trip the bride wore a cotton sheath dress with a scooped neckline and a large pin collar. Her accessories were black patent leather and she wore a white orchid.

When Mr. and Mrs. Strzinek return from a wedding trip to Oklahoma, they will reside at 1914 Jarrell in Tyler.

Out-of-town wedding guests included Mr. and Mrs. Al Strzinek, Miss Audrey Strzinek and Bobbie Simmons of Dallas; Mr. and Mrs. W. F. Pearson and family of Rockdale; Mrs. A. R. Simpson and Miss Dorothy Simpson of Orange; Mrs. Grover B. Lewis and Mr. and Mrs. Kenneth Lewis of Port Arthur; Mr. and Mrs. J. P. Jones and Miss Diane Jones of Waco; Mr. and Mrs. John G. Voight of Fort Worth; and Mr. and Mrs. Joe C. Kitchens of Dallas.

Prenuptial parties honoring the

CAMERON LEADING NEWSPAPER SINCE 1860

gallons of filtered water per day. (Present consumption is around a million gallons per day). 3. Install additional pumping equipment for water service.

The city bought the plant from the Community Public Service Company in 1950.

On the subject of parking meters Johnny Andres said that the committee which he led was concerned with the interest of merchants who believe that the customers are being drawn away because the parking regulations are too strict. It was pointed out that Buckholts, Rosebud and Calvert have no meters.

Oxneer Smith the only other spokesman for the five man committee said "People come to town because they are invited and come back because they are well treated."

It was pointed out by Councilman Stidham, as a coincidence that Johnnie Andres, head of the citizen's committee, contending for more courteous treatment of people on red meters and over the line was a member of the council when the meters were installed.

The issue in the current drive against the administration of parking meters, said R. L. "Bubba" Batte is actually law enforcement rather than the meters. Some of the business men at the "Indignation meeting" held at the Court-house last week were led to believe that parking meters was the only issue but it is not the erstwhile and long-time lawman declared.

Batte declared that he had heard the statement that the city should not go out of town for officers but he declared that this is the only way you'll have the law enforced impartially. Any officer who does anything is going to be criticized and damned," he averred and declared that Chief Willie Dolan has done a fine job. A law officer, said Batte, can't be too social with people, and then arrest them, adding "If you don't stand behind your officers you might as well let them go."

B. L. Miller noted that he quit putting money in the meters until he noted that they were being enforced impartially and then he began putting money in. He further stated a reason for taking his grain business to a neighboring town and that was because in his instance the Cameron grain merchant changed his quotation from \$2.60 a ton to \$2.80 in a short

period of time and that he then went elsewhere and saved forty to forty-five cents. Parking meters are not the only reason some Cameron merchants are losing business, he said.

Ed Longhofer of the Woodson Lumber Company said that if the city is going to give meters to some that all should have them. He noted that the street around his place of business is an all day parking place, and that customers can't get to his place of business.

Speedy Braden complimented the police force on their fine work. Councilman Thompson Stated, to sum up, that we all are in agreement in principle but we can't understand just what action is requested of us.

Chief Willie Dolan was called upon for comment and his point was that "Parking within the lines, is for the protection of the parker in that another in the process of tearing a fender on a car incorrectly parked the owner or insurance company could sue the incorrect parker for damages."

Adjourned meetings were held in groups all over the city hall and little more agreement was reached there than in the regular session.

Candlelight Rites
Unite Joy West
And Kenneth Porter

Miss Joy West, daughter of Mr. Marvin West and the niece of Mrs. Gladys Shackle of Buckholts became the bride of Kenneth Porter son of Mr. and Mrs. W. D. Porter of Buckholts, Saturday evening, August 11, by candlelight in the First Baptist Church of Buckholts.

Rev. Dixon L. Turner of Mineral Wells, uncle of the groom performed the double-ring ceremony.

Baskets of pink and orchid As-ters flanked by cathedral tapers in branchel candlebras formed the background for the service.

Given in marriage by her father the bride wore a waltz length gown of ivory lace and taffeta. The fitted bodice fashioned of rose point lace featured a sweetheart neckline and fitted sleeves shaping to petal points at the wrist. A bouffant skirt of net over taffeta was softly gathered on the printed bodice at the waist-line. A deep flounce of rose point

lace edged the skirt at the hem-line. Her hip-length veil of illusion was gathered to a tiara of lace and seed pearls. She carried a white bible, a gift of the groom, topped with her bridal bouquet of white carnations and seed pearls entwined with white satin streamers. For something old, something borrowed and blue, the bride wore her grandmother's wedding band.

Miss Twilia Porter, sister-in-law of the bride served as maid of honor. Bridesmaid was Miss Evelyn Glaser. Both attendants wore dresses identically fashioned of lace and tulle with matching bandeaus of shirred net caught by sprays of baby roses. The maid of honor wore pink with matching bouquet while the bridesmaid carried a bouquet in a shade of soft yellow complimenting her dress of orchid.

Ervain Jungman served the groom as best man. Groomsman was Rev. Garland Dale Frazier.

Milton Daniels of Buckholts and Terry Bracken of Waco served as ushers.

Mrs. C. R. Criswell at the piano played traditional wedding music while Mrs. Claude Ellis, of Milano sang "Because", "Whither Thou Goest", "The Lord's Prayer".

Both the bride's aunt and the groom's mother wore navy sheer flocks, with white accessories and white carnation corsages.

Following the ceremony a reception was held at the home of Mr. and Mrs. A. W. Zajicek. Wedding decorations were repeated in the reception rooms. The bride's table was laid with a maderia cloth and centered by the bride's bouquet.

The white frosted five-tiered wedding cake rested on a reflection skirted with white net ruffling. It was topped with the traditional miniature bride and groom.

At the serving table were Miss Bernice Fischer pouring and Mrs. Dixon L. Turner of Mineral Wells and Mrs. Glenn Sparkman of Granbury, aunts of the groom, served the wedding cake. Others in the house party included Misses Delores Bales, Ruth Ann Whittington, Carol Jean Zajicek and Carolyn Wall.

Miss Darlene Porter, sister of the groom, presided at the bride's book.

In the receiving line with the couple were his parents, her father and aunt.

The bride, a 1956 graduate of Buckholts high school is presently

employed at Providence Hospital in Waco. She will attend business college this fall.

The groom is a Junior Baylor University student at Waco, a member of Delta Sigma Pi and a member of the U.S. Army Reserve.

Following a short honeymoon the couple will be at home at 2417 Franklin, Waco, where Mr. Porter is employed in the Credit Dept. of Sears, Roebuck and Co.

Special guests included Mrs. Maybelle Dockery of Rosebud, grandmother of the bride, and the groom's grandparents, Mr. and Mrs. W. T. Sparkman of Granbury. Other relatives and friends were Mrs. H. B. Sparkman and sons. Terry and Lonnie of Gustine Rev. and Mrs. Dixon L. Turner, Mineral Wells; Mr. Terry Bracken; Mr. and Mrs. Bill Ray of Waco; Rev. Dale Frazier of San Felipe; Mr. and Mrs. I. N. West, Cameron; Miss Margie Schiller, Temple; Rev. and Mrs. Claude

Ellis and children, Milano; Miss Barbara Ann Richter, Houston; Mr. and Mrs. A. W. Zajicek, Jr., Temple and a host of others from Cameron and Rogers.

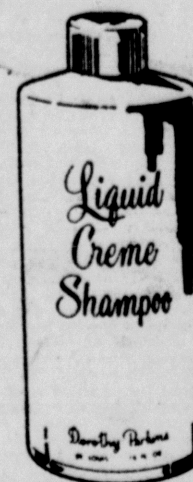

Dr. and Mrs. Gus Evans have just returned from a ten day sojourn with the DeLaureals of Lake Charles, Louisiana. The couple reports that the Louisiana family, consisting of Sue, Tom and Doug plus the Dr. and Mrs. DeLaureal are doing just fine and the trip did the Evans a lot of good.
